Shawnee Heritage I page 277 - SheilaFord4

Here is the problematic quote that SheilaFord4 uses as a "source" in order to detach Thomas Bailey Christian from his father, Elinipsico. From her quote she writes "Elinipsico had a fictional child who was 15/32..." So I searched for 15/32 and found 4 on page 277. On the left you will see the entry and on the right I write why this child could not be Thomas Bailey Christian. ~Catherine dee Auvil July 2025 auvil.catherine@aol.com

"For example, "Shawnee Heritage I" states on page 277 that Ellinipsico had a fictional child who was 15/32 Chalakatha-Mekoche-Metis, not even the correct blood quantum for a possible child of Ellinipsico." ~SheilaFord4	Why this can't be Thomas Bailey Christian
1453. See, Lois Sarah mother with Newa of Son of Newa/64-15/32nd ChalakathaMekohe-Metis (son stayed with Newa when she returned to whites 1765)	Father is Newa not Elinipsico
1454. See, Margaret Peggy (1) mother with Walker of a Son of Walker Cornstalk/64-15/32nd Chalakatha-Mekohe-Metis. (left Son with Walker when she returned to whites)	Father is Walker not Elinipsico
1455. See, Margaret Peggy (2) aka Margaret Peggy Cornstalk - Margaret Peggy Ellinipsico - 15/32nd Chalakatha-Mekoche-Metis born 1764 OH - died after 1800 - only child of Ellinipsico Cornstalk/46 & Mary Catherine See/48 adopted white, returned to whites 1765 with mother, grandmother & family, husband & children unknown	Mother is Margaret Peggy See not Standing Deer Bailey
1457. See, Mary Catherine - mother with Ellinipsico of Margaret Peggy (Cornstalk) See (2)/64-15/32nd Chalakatha-Mekoceh-Metis	child is a daughter
"not even the correct blood quantum for a possible child of Ellinipsico." ~SheilaFord4 That assertion lacks coherence, as Elinipsico's blood quantum remains undetermined. ~Catherine dee Auvil July 2025
